ADGG ANIMAL DETAILS UPDATE THROUGH USSD

A USSD has been developed to help farmers update the details of their animals. The farmer and animals must already be registered in the database. This service is accessible in Tanzania on any mobile phone through the short code *152*00#.

The screenshots below show the process of updating insemination and calving dates of a cow

1. Dial *152*00# -> 2. Select ADGG -
3. Select 2 to edit details ->. 4. Select Animal type

5. Select Animal -> 6. Select 2 to edit date -> 7. Select Year ->
8. Select Month
9. Select Day -> 10. System automatically return to Edit livestock details Menu and combines the selected date together
